CASE SUMMARY:

SUSPECT USED DROPBOX TO UPLOAD CHILD PORNOGRAPHY

On August 17, 2015, Dropbox, Incorporated, while engaged in providing remote computing services to the public, discovered five videos depicting child pornography, as defined by Title 18, United States Code, section 2256(8)(B). Two of the videos had been disseminated electronically to the online storage, Dropbox account ID 246391828 on December 20, 2013 at 6:58 PM and 7:02 PM (PST). The other three videos were disseminated electronically to the online storage (Dropbox) account ID 246391828 on February 27, 2015 at 12:52 AM through 12:54 AM (PST). The email address (username) associated with the Dropbox account ID 246391828 is "burmjoco@hotmail.com".

Dropbox Incorporated maintains and controls digital storage media utilized by the Dropbox account ID 246391828. Pursuant to Title 18, United States Code, section 2258(a)(1), Dropbox, Incorporated reported the discovery of child pornography to NCMEC. The videos, and associated date and time data were also provided to NCMEC in compliance with United States Code.

On September 21, 2015, a NCMEC analyst conducted a search of the social network Facebook.com for the email address burmjoco@hotmail.com. One search hit was returned indicating a Facebook account held by Jacob See, utilizing the email address burmjoco@hotmail.com. The user profile of that Facebook account indicated that the individual is currently employed as a butcher at Golden Coral, and previously attended Illinois Central College. Next, the NCMEC analyst conducted a query of the email address through the search engine Spokeo. One search hit was returned indicating the email address is associated with the online retailer Amazon.com account belonging to Jacob T. Burmood.

A search of the name Jacob Burmood conducted by the NCMEC analyst through the National Sex Offender Registry indicated that a registered sex offender, Jacob Timothy Burmood, currently resides at 6810 North Fawndale Drive, in Peoria, Illinois.

Based upon this information, on September 21, 2015, NCMEC provided the child pornography report to the Illinois Attorney General (ILAG), Internet Crimes Against Children (ICAC) taskforce.

The Peoria Police Department participates in the Illinois ICAC taskforce. Therefore, on September 23, 2015, the ILAG provided Detective Feehan with the report and videos discovered for further criminal investigation of the matter.
